27 November 2017

## Ultra Electronics Holdings plc ("Ultra" or "the Group")

### Ultra Electronics awarded £17m surveillance contract

Ultra Electronics announces that its Communication & Integrated Systems (CIS) business based in Greenford, UK, has been awarded a UK contract valued at £16.6 million to support the provision of advanced surveillance capability until 2019. The Group will also provide specialist support over the course of the system's use.

**Douglas Caster, Executive Chairman of Ultra Electronics commented:** "This contract highlights Ultra's ability to successfully work closely with both Government and Industry to deliver world-leading solutions. Our wide portfolio of capabilities was key to securing the initial contract and we are delighted by the agreement to provide long-term support for the programme."

#### **Further information about Ultra:**

*Ultra Electronics is an internationally successful defence, security, transport and energy company with a long, consistent track record of development and growth. The Group manages a portfolio of specialist capabilities generating innovative solutions to customer needs. Ultra applies electronic and software technologies in demanding and critical environments ranging from military applications, through safety-critical devices in aircraft, to nuclear controls and sensor measurement. These capabilities have seen the Group's highly-differentiated products contributing to a large number of platforms and programmes.*

*Ultra has world-leading positions in many of its specialist capabilities and, as an independent, non-threatening partner, is able to support all of the main prime contractors in its sectors. As a result of such positioning, Ultra's systems, equipment or services are often mission or safety-critical to the successful operation of the platform to which they contribute. In turn, this mission-criticality secures Ultra's positions for the long term which underpins the superior financial performance of the Group.*

*Ultra offers support to its customers through the design, delivery and support phases of a programme. Ultra businesses have a high degree of operational autonomy where the local management teams are empowered to devise and implement competitive strategies that reflect their expertise in their specific niches. The Group has a small head office and executive team*

*that provide to the individual businesses the same agile, responsive support that they provide to customers as well as formulating Ultra's overarching, corporate strategy*

*Across the Group's three divisions, Ultra operates in the following eight market segments:*

- *Aerospace*
- *Communications*
- *C2ISR*
- *Infrastructure*
- *Land*
- *Maritime*
- *Nuclear*
- *Underwater Warfare*
